Communications Lab

PROJECTS

PawPlan, Pet Nutrition App Design

- Designed a mobile app that uses AR-based recognition to generate personalized daily meal plans, reducing decision-making complexity and improving user experience.

Allocated Visibility, Interactive Media Project

- Developed an interactive visual project exploring how algorithmic systems shape user attention, using generative techniques to simulate digital interaction patterns.

EXPERIENCE

Volunteer, Nov. 2021-Dec. 2023

Horse Ability - Old Westbury, NY

- Supported horse care operations to enhance safety and create a calm, supportive environment for therapy participants.
- Supported the coordination of volunteer activities to promote community engagement and participation.
- Collaborated with staff to prepare educational materials for workshops on the benefits of equine therapy.

Tutor, Nov. 2021-Jul. 2023

Beacon Education - New York, NY

- Developed personalized lesson plans to meet the diverse needs of students, with a specific focus on children under the age of 10.
- Implemented engaging teaching methods to enhance student understanding and retention.
- Provided one-on-one support to help students master challenging concepts.
- Facilitated group study sessions to foster collaboration among peers.

SKILLS

- Working knowledge of Adobe Photoshop, Illustrator, Affinity Designer, and Figma
- Teamwork and collaboration
- Community service
- Organized and efficient

INTERESTS

Golf, painting, photography
